COVID-19 Testing

At Horizon Health and Wellness locations

The ability for Horizon to offer this testing is a critical component to protecting public health and further works to flatten the curve. Getting tested will help you to protect yourself, your loved ones and your community. Find out if you have the virus or if you had the virus in the past without knowing it.

Testing is available to anyone who wishes to be tested. There is no up-front cost for testing, and health insurance is not required, however, if a participant has health insurance, their insurance will be billed.

Two forms of testing available at "specified" Horizon sites.

Diagnostic PCR Test —

- Detects if you're actively infected with virus
- Nasal swab test
- Sent to a lab for testing and diagnosing

Antibody Testing —

- Detects if you were exposed to virus in past
- Blood draw test
- Sent to a lab for testing and diagnosing

▼ Horizon COVID-19 Testing Sites ▼

Apache Junction ~
625 N. Plaza Drive, 85120
➤ *Antibody Testing & Diagnostic PCR Test*

Casa Grande ~
210 E. Cottonwood Lane, 85122

➤ *Antibody Testing Only*

Yuma ~
3180 E. 40th Street, 85365
➤ *Antibody Testing Only*

Test Results Timeline —

Test results are usually available within 3 − 5 days. However, due to occasional surges in demand for testing, test results, in rare instances, may take up to 14 days to become available. The test results will be communicated to you by Horizon when received and a copy can be made available to you by our clinic or the laboratory.

▶ **Please Note: Only those with appointments can be tested. Call (833) 431-4449 to inquire about an appointment.** ◀
