

# COVID-19 RAPID TESTING

FAST. CONVENIENT. EASY.

GET YOUR TEST RESULTS  
WITHIN ONE HOUR.

**MONDAY – FRIDAY**  
**9:00 A.M. – 3:30 P.M.**

Horizon Health and Wellness  
Apache Junction Clinic  
625 N. Plaza Drive  
Apache Junction, AZ 85120

The registration, test, and results are quick and easy.

- Registration is required for testing at [www.hhwaz.org](http://www.hhwaz.org).
- Select a date/time and then fill out the registration form.
- Drive up to the COVID Rapid Testing designated parking area and remain in your vehicle.
- A Horizon health care team member will come outside and take a nasal swab specimen from you while you remain in your vehicle.
- Test results will be emailed back to you within one hour.
- There is an \$80 out-of-pocket cost. Your insurance will not be billed.
- To set up an appointment, [click here](#).

The Rapid Test provided is an Antigen Test and not a PCR Test. It is important to note that the Rapid Antigen Test can have a higher rate of false positives and negatives than a traditional PCR test. Your primary care provider can help you interpret the results of your test. If you are using the Rapid Test results for travel, please verify that a Rapid Antigen Test is acceptable.

Horizon still offers Diagnostic PCR Test (nasal swab test), which detects if you're actively infected with the COVID-19 virus; and Antibody Testing (blood draw), which detects if you were exposed to virus in past. These tests do require an appointment with one of our primary care providers. Test results are usually available within 1 – 2 days. These two tests are available by appointment only at the following Horizon Clinics – Apache Junction, Casa Grande, Florence, Oracle, Queen Creek, and Yuma. [Click here for more details](#).
